

Special Message from Governor David Y. Ige
In Recognition of

Kaniko'o II Groundbreaking

March 11, 2016

On behalf of the people of Hawai'i, I want to thank our partners from the County of Kaua'i, the Ahe Group and Ecumenical Association for Housing (EAH), for facilitating the opportunity for our kupuna to stay in their community, close to family and friends.

In addition to the need for housing that people can afford, Hawai'i also has the fastest growing senior population in the country. By 2030, nearly 25 percent of our population will be seniors. Kaniko'o works to address the growing demand for senior housing.. Thank you to all who have had a part in bringing us together today. I hope to see you again at many more groundbreakings to help Hawai'i's seniors and families.

In particular, I want to thank our kupuna for your years of hard work and sacrifice to provide better lives for your families. You inspire us to do the right thing for future generations in Hawai'i.

Sincerely,

A handwritten signature in black ink, appearing to read "David Y. Ige".

DAVID Y. IGE

Governor, State of Hawai'i
